Pretend To The End...

God isn't asking
you to figure
everything out.
YOU JUST NEED TO
BELIEVE.

Perfection is not
attainable, but if we
chase perfection, we
can *catch* excellence.

What if Freedom's hour of
Danger, is NOW...?

I may not be that
funny or athletic or
good looking or
smart or talented I
forgot where I was
going with this.

In April, I will have been writing this newsletter four years. You know me fairly well now, that I'm reasonably stable & Biblically sound. I'm not prone to conspiracy theories or wild speculations.

However, this month is going to be different. I want to tell you things you may never have heard before. The reason will become clear.

The ordinary 'man on the street' with half a brain, realizes the future is foreboding; the present scary, while national leaders downplay any real threats. Common sense isn't so common anymore!

Then, you have people like Ted Turner who says global warming is caused by too many people using too much stuff....so population should be controlled by genociding 95% of useless eater sheeple, or 5 billion people. I didn't make this up...!

Of course there is George Soros, who has the fiscal ability to shape nations (and has!) devaluing currencies, and is rumored to be doing so right now in Belgium.

Another is corporate giant Samsung, who revealed this past month that NSA can observe you in your own bed chamber via smart tv's. Also thru iPhones, iPads, et al.

I checked on the status of EHR cards today (electronic health records). It seems that at least 2 out of 3 phases

are complete where dr's are required to digitize patients' records so they can soon carry a card with that info. (A hefty reward awaits those who do!) Sooo handy if you're traveling & have an accident.

Of course, banking info, allergies, medical history are all there too. (And possibly that you buy way too many carbs at the grocery!) Best, an RFID chip tracks you in case they're lookin' for ya! You already have one in your cell phone... but no matter!

If you're concerned about another financial collapse, you're not alone. Pentagon insider Jim Rickards (he predicted the 2008 real estate crash) warns investors to buy real estate & hard assets. That a \$100T *world* collapse is headed our way, soon!

Why does any of this matter?...Because this is only what's **on the surface**! What we *don't* see is far worse! In fact if you do think things are bad, you don't have a clue how bad they are...! *Why?*

Most people just don't want to deal with info that rocks their world! To actually face it would require effort, and it would mean taking action. So... we choose to just continue bobbling along hoping things get better!

But what happens if we ignore it all? Let's start with *Freedom*... it's fast slipping away, one by one, largely from *fear of terror*. Ex: the (un)Patriot Act + new laws.

But the ultimate loss of *physical* freedom is worse! Could this be why there are 600 FEMA Concentration Camps inside the U.S. today, & very few citizens are even aware of it? Check out the Google map of them! *This isn't* some new myth...!

Google it for yourself+ to see the *camps nearest you*! A huge one exists 2 miles from where Mom lived 30 yrs...

American Sniper Chris Kyle hugged & kissed his wife Taya *Goodbye* -they said they loved each other. She never saw him again. He was killed that very day.

Your life can change in a moment! And soon, all Americans' lives may suddenly change. *Civil unrest* is rising, racism is being fueled & is raging, the anti-semitism is surging on college campuses & big cities. Ironically, all these play into the hands of those who hold the strings to civil society as they wait for the right **crisis**, to declare *martial law* at their discretion. **Then** executive orders take over all food, transportation, oil, energy, communication!

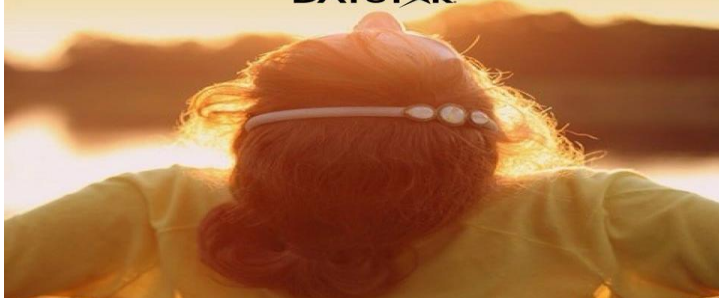

It's no one personality; no one man holding the purse strings. **It's an era**. One where Jesus warned violence would 'fill the earth' before His return! 1

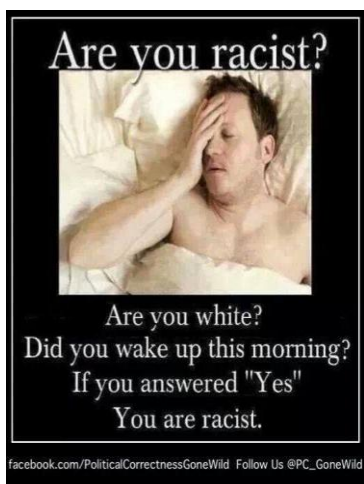

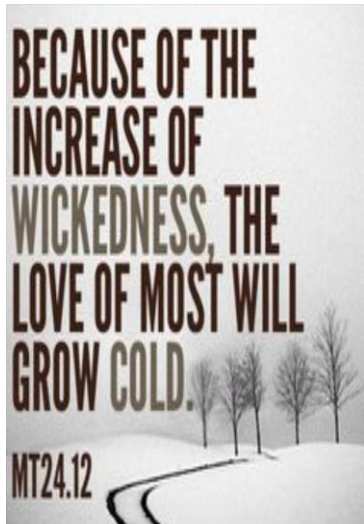

Some of those FEMA camps are fully operational, stocked with meals & millions of rounds of ammo - and can hold millions of people! *What* people? 'Violent extremists' like Catholics, Mormons, Tea Party, Evangelicals - (See list at end.) These things explain the current Orwellian *doublespeak* of '1984'-the wholesale failure to call a spade the shovel it is, i.e. *Islamic Terrorism*.

That **era** is the return of Christ & endtime prophecy being fulfilled.2 But... you can *Pretend* Nazi Germany can never happen here... or life will go on as usual. *Pretend* that America can still be a beacon to the world -**without God**! Not! 3

But you can be a beacon of light in your own arena! 4 That's all God requires...! In the end, only what's done for Christ will last...

Enemies In The Open

RainDancing101.com Cont.'d -Page 2

Don't you wonder, when you watch the news, where the outrage is concerning little children in the Mideast who are required to lay their head on a stone in order to be beheaded? And they do so willingly?

Very few voices rise to even criticize this. I'm grateful for Franklin Graham & others who do. Yet, one wonders where the church is in this hour? The pews are still full; the pulpits are busy; TV evangelists are still appealing for money...

Truth is... **If you are not outraged, you're not paying attention!**

This really isn't wholly the public's fault, because they don't often get real news today. I enjoy the internet because I can choose my news sources, thus circumventing main stream media news-views.

However, this week the FCC voted to make the internet a 'public utility' under gov't control...so kiss that news source goodbye. It also means that in the event of a nat'l crisis, the internet *can & will be shut down*. Can't have us peons communicating with each other during such times!

Last week, at the Summit on 'violent extremism' held at the White House, the head of DHS (enforces Patriot Act, etc), Jeh Johnson, was a featured speaker. He said his main job is "Giving voice to Muslims in America." Another guest, LA leader al-Marayati, stated when Patrick Henry said, 'Give me liberty or give me death' it epitomized *ji-had*!

This Summit had Muslim attendees & speakers about extremists who oppose them - right wingers, patriots i.e. you & me. Media? Uninvited. *It's far later than you think.*

Our nation has turned a pivotal corner, Dear Friends. Conspiracies are no longer covert - they're **in the open!** (holding Summit's in the WH) No one's watching tho-We're "busy!" Very few are willing to fight for freedom. War is terrible, you know. Do you know what's worse? Seeing our loved ones brutalized before our eyes. Innocents!

Meantime much of the church is living in hypograce - *future sins are forgiven so no need to repent!* **ONE such error among many!** Huge deception prevails... a falling away ...What to do?

We're in a war of *ideas*. We must do our part to hold back the darkness, using our voice to exalt *higher* ideas, else be consumed. Freedom has always had **enemies**. Let's *r.e.p.e.n.t* and **begin now**, not later. An America without God is **upon us...**

Fate and Faith For The Future

Dear Agatha: I am so afraid for the future. I have dreams about ISIS coming here. We also have gang problems in our city, so I dream about them. We don't own a gun, but my husband says he wants one. What can I do to be reassured again? **Ann**

Dear Ann: It might not help but, you are not alone, Ann. It is easy to despair when there seems so little hope. However we are not just 'anyone' if we belong to God- if you do.

In photography, 'focus' is everything! Foggy photos do not sell! Likewise, foggy vision brings despair. Our focus must be vertical. Not horizontal. What do I mean?

The Bible tells us in the end, 'men's hearts will fail them, looking about.' Where does it say they looking?6

"About." The Psalmist said, "I will lift up mine eyes unto the hills, from whence comes strength."7 Then he tells us 'why' - God *made* those hills!

There are many questions today we don't have answers for. We don't **know** why it is ISIS produces a new horror on a daily basis. Or why God permits it even. And we don't understand why evil seems to flourish more & more.

So what can we do? Where is the comfort we need? *I can tell you that!* It is in His holy word. We're not just anyone - we're sons & daughters of the King! Raised up for such a time as 'this' is - we are *privileged!* Yes!

"The just shall live by faith" and "faith comes by hearing, & hearing by the word." Saturate yourself in scripture.

Also, when we don't **know** what to do- or what to believe -we must walk in what we **DO know**...like God's faithfulness to us in times past. So set your hope in Him, "The eye of the Lord is on those who fear Him; who hope in His steadfast love." Is this *you*?

So, we can live on the offensive when we **know** we have His sweet Grace until the time we die. We **know** the Holy Spirit leads, guides, counsels & comforts us.5

More, we're coming to **know** His daily 'presence,' securing peace in our hearts guidance, & for a better day.6

Practice these things, Ann. Share them with all you love! He is the *God Who is More Than Enough* 7 for any situation we face. Embrace His great Love. Be at rest.
