I miss the old-time stars.
You know, the ones who
wore clothes and had talent.

An Ear To The Ground

For those who remember, the Lone Ranger was an early classic TV show. His partner was Tonto who called the star, "Kemosabe." Tonto had skills uniquely Indian, and one was that, he would get off his horse, lean down to the ground and listen intently. Then he would get up and say something like, "Five riders coming this way. Fast." That usually meant they hid themselves behind rocks, or rode away fast!

We need somebody today to tell us what's coming down the pike. The reason we need an ear to the ground is, by and large, we don't get real news anymore. What's more, some of what we are fed, are simply *lies*, leaving society in a vacuum of truth.

But in the spiritual domain, there **are** those who have their ear to the ground! God calls them *watchmen*.

Ezekiel chapters 3 and 33 describe these folks. They have two duties - to 'watch' and to 'warn.' If they *didn't* warn others of trouble ahead, then God held them responsible. But if they *did* warn and the people did not respond it was their own fault.

A lot of folks think this concept is strictly Old Testament. Not so. Apostle Paul regarded himself as such twice in Acts, and in Col. 1:27, he said he 'warned every man.' Of what? A hell to shun; and a heaven to be won! He also warned of angels of light, false gospels, false teachers & brethren!

Reality says that we are living in the era of *unveiling of all things!* I will explain this here... First I want to reveal a few things in the news you might not have heard.

Per Walid Shoebat, the head of Sharia in Saudi Arabia recently ordered all Christian churches in the nation be destroyed...

Franklin Graham reports that crosses have been taken and 300 churches destroyed inside China. Boko Haram has killed at least 13 thousand Christians in Nigeria, & have now merged, along with Al Queda, in ISIS.

350 American Businesses have signed onto an Amicus 'friend of the court' brief before the Supreme Court decides on gay marriage. *It's almost a done deal.* Lobbyists stand poised to push thru hate crime bills in D. C. They seek to make us Sodom - see Jude 7 for an "example."

As I write, a nationwide blackout across Turkey has thrown the nation into chaos due to faulty transmission lines. Dozens of cities are affected. *Are you aware that the power grid in the U.S. has been graded a D+ by the powers that be...?*

A Germanwings co-pilot who took 150 people to their death in the French Andes has been labeled mentally conflicted. Perhaps. Yet **Pamela Geller** of Atlas Shrugs captured an ISIS website that was taken down (but still on her site) where this man is praised as a martyr for Allah. German & Israeli blogspots said he was a member of the mega-mosque in his town, he stayed there often, & that same **4 story** mosque was raided Dec. 2014 & is under investigation. Does *fear* prevail...? *What?* You decide.

Syphilis was thought to be conquered by the year 2000. Since Dec a new strain called ocular syphilis has sprung up in 80 new cases between Seattle & San Francisco that makes men who have sex with other men go blind.

In the midst of this, Bill O'Reilly said this week the Bible is not historically accurate or true.

Pastor Rafael Cruz said this week "we are on the brink

the destruction of this country." Ted Cruz's dad!

What happens if worse comes to worse in the U.S.? What will **you** say? *You shudda made me listen? How could you just let me go on my merry way? If you loved me you would...!* I'm telling you **now!** Listen up! Don't be *dead wrong!* "The wise foresee the future and prepare..."¹ The future **is** foreboding - if you aren't tight with God! But He enables His people to face that future, unafraid.

"Whoever listens to me will dwell secure... without dread of disaster."²

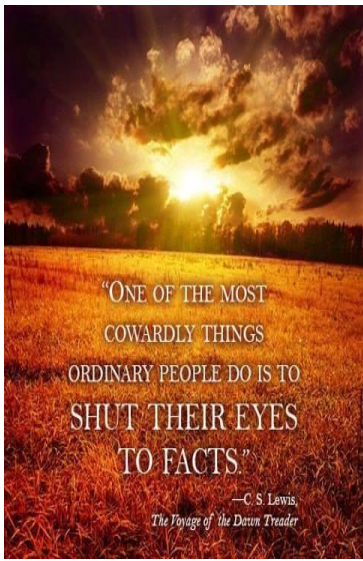

War & horror & terror are coming - Jesus *said* so! But God always takes care of His own, who truly know Him- the *remnant*.. "Looks Like Rain" on the back will aid you further.

Jim Rickards, analyst who predicted 2008 real estate crash, negotiated 1980's hostage crisis with Iran, and tracked insider trading post 9/11, predicts a **\$100 Trillion** worldwide economic collapse & failure of the dollar, creating global anarchy anytime -or by fall.

Remember Daniel was told to 'seal up the vision' until the end...? But - "God withholds nothing from His prophets!"³

But now comes two authors, saying: The anti-christ may well be Muslim! Carl Gallup in **Final Warning** reveals the secrets of God! These two men may be revealing secrets shut up centuries!

Joel Richardson reveals astounding parallels of Muslim beliefs to Christianity including Jesus' return with their Mahdi, who refutes the cross, helping win Muslim converts... inside **Islam Antichrist**.

It's easier to fool people than to convince them they have been fooled. *Mark Twain*

Schools should be forced to promote gay relationships in sex education lessons, per the National Union of Teachers (NUT)

God's judgment IS His mercy. It is His attempt to save a rebellious people from a collision course with certain destruction.

What do people do when it rains...? They take an umbrella; carry a raincoat or... wear different shoes.

People *prepare*...

God doesn't want you or me to be unprepared or shaken by it all! (Heb.12).

Let me be clear. Armageddon won't happen next week! But we've crossed the threshold, into the birth pangs of endtime. Jesus said a lot would occur between labor and birth. He called it **travail**. Matt.24; Luke 17 & 21.

There's much to say & little space to say it here. I'll say what I can...

Ready.gov has a lot to say on how to survive any crisis - Hurricanes, floods etc! Almost **any** crisis will mean you need a potable (drinkable) water source **plus** water for cleanliness. You can fill your tub for this

The other most likely event is loss of power. If you have medical needs for power, consider a generator. Keep in mind, *They're not for long term use; can't be used indoors; and require fuel.*

Visit survival websites or Army-Navy supply stores for ideas. Create a 'bug-out' bag.

Solar flares are increasingly active, posing the possibility of an electromagnetic pulse that obliterates cell phones, satellites, & power grids thus water, et al. Their effect is the same as a nuclear emp, except for radioactive dust.

The very least we can do for our families, is follow the elementary recommendations. Water, food, first aid; batteries. You say *you're trusting God?* I have one word: **JOSEPH**. He saved his family from perishing...

Important preparation is 'mental.' *Focus will be every -thing* in a crisis! Keep your eyes on Jesus. The *only* peace in chaos will be in Him.

Meantime, study your Bible to build your faith.4 Join Bible studies. A daily devotional will aid this, -It will write scripture on your heart daily.

You must learn to dwell in His presence, for His guidance and for safety.

Lastly, get to know the Holy Spirit...! He is teacher & comforter. Cast your self upon Him. We *win* this battle!

My prayer is for everyone to give their heart to Jesus before it's too late.

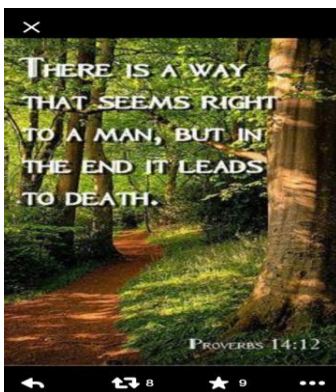

Live in *this* confidence: "I don't know what the future holds, but I KNOW Who holds the future."5 Best -get rid of willful sin from your life, so God will hear & answer you!6

Friends....This Is Not A Man! It's An Era.

Dear Agatha: I live in Fort Lauderdale & last week, military exercises with black hawk helicopters etc were conducted in the middle of the night, soldiers marching "prisoners" single file to waiting vehicles and taken off somewhere, over two nights. It was very ominous. Then I heard where these were also conducted in Miami last fall. Why would military be doing this on American soil? **Fran**

Dear Fran: I wish I had an encouraging word to you Fran ...but I don't. A controversial exercise involving 12 states and Green Berets plus other elite troops, called Jade Helm 15 occurs this summer in the SW. Troops will 'operate undetected amongst civilians - to see if they can infiltrate without being noticed.' ???

Also 17 towns in Texas are targeted where that state (& Utah) will be regarded 'hostile.' It's *merely for role-playing behind enemy lines.*

Question. How will a gun-toting state respond to soldiers dropping out the sky at midnight...? Especially since *some soldiers are reported to be Chinese & others..?* Critics are furious & say these are exercises to set up society for martial law! At the least, it is an invasion of states' rights by feds...

A leaked 2012 US Army Military Police training manual, "Civil Disturbance Operations," described how soldiers would be ordered to confiscate firearms and kill American "dissidents." It also revealed that prisoners would be detained in temporary internment camps and

"re-educated" to gain a new appreciation of U. S. policies," in accordance with U.S. Army FM 3-19.40 Internment/Resettlement Operations.

A 2012 scenario outlined by retired Army colonel Kevin Benson, in which the U.S. Military is used to crush an insurgent (pretend) rebellion overseen by Tea Party militia members who take over the city of Darlington, S. C. Jade Helm is a pretense against terror, but aimed at revolt. Either way, it's not good for **freedom-loving Americans!**

Fran, I can only say a coup has occurred in our nation while we stood by & watched. The Catch 22 is that any kind of rebellion is *just what they're waiting for.* Turn to God now & get ready for civil unrest, or worse. Put your trust in Him our only hope!

Atheism

The belief that there was nothing and nothing happened to nothing and then nothing magically exploded for no reason, creating everything and then a bunch of everything magically rearranged itself for no reason what so ever into self-replicating bits which then turned into dinosaurs.

Makes perfect sense.
