- Some people say 'I thot religion was good!' I thot the same until I understood GRACE.
- Then, God showed me this definition of religion. Re-lig-ion (Noun)
- A return to bondage. The word 'religion' is from Latin "Re' meaning 'again' and 'ligare' meaning 'to bind.'
- God seeks **relationship**, Not a Religion

Did you know scripture mentions 'leftists'?

Big Picture Thinkers Sought

Did you know...you deserve hell? And, if you've read my book, you know I might deserve it more! What's more, we're ALL gonna die!

Now that we have that out of the way, **can we talk...**?

Views on America's future varies among believers today. Most hold on to restoration of her greatness, praying to salvage our nation from pending destruction. Others say it's about the era we live.

Some months ago, I wrote an article "Is America Like Ninevah?" They repented when Jonah warned of coming judgment! The people repented & the King repented as well, wearing sackcloth and ashes. They fasted to demonstrate their change of heart. *Judgment was stayed.*

Then I showed how America hasn't made a single effort to turn back to God - instead spurning Him in the public square, schools and courts..

I'm convinced it's a selfish prayer on our parts to seek that America doesn't fall... Why would we cling to the past... when the future is here? God's revealed America isn't a part of endtime events!

Anne Graham Lotz says: 'Our world is unraveling' 'We're coming close to the End of Human History.' We are on God's time clock, not our own. It was God Who brought this street urchin (me!) under the influence of Corrie ten Boom, a woman most revered by the entire world. Soon, I realized He did so to show me that worse things are coming our way than what even she endured! And that I must tell people to prepare them & their loved ones - as I outlined in my book, Answered By Fire.

You may be thinking, *this all sounds like the total relinquishment of any of my own plans.* That's it exactly...! We can't ignore God's plan!

The end of time as we know it is *here*, and we get to choose whether we're in step with God. And whether we see the Big Picture of what He *is doing...* or are we focused on our new house, college, a first love or *other* reason for delaying His plan? Jesus won't wait on you...

God's primary concern is **souls.** This is exciting news! Parallel with unfolding future world events is the **Great Harvest of souls!** 7 billion souls on earth says God will send the latter rains (revival!) for He wants none to perish! 1

Believers will then be the winds of refreshing, blowing on thirsty souls 2 - bringing renewed life, songs in the desert, life where death prevailed, hope where repression grew.

Increasing pressure of each event will cause the true church to Rise & Shine God's light onto others. 3

Look for that! *Look to be one of them!* Be ready to give account for **your** hope! There IS hope & believers hold the only hope for dying man. The earth is fast forwarding to the end of time. Glory to God.

Somewhere in this mix, Jesus will return for His people. We don't know *when.* Yet I can't see Him taking out His team players at the beginning of His Harvest! Too few are burdened for the souls dying around them anyway, busy sitting on their hands & waiting to be taken out of the storm. God says No - I'll **use** the storm...! 4

The blood of 58 million witnesses (aborted babies) testify - God's judgment **has come** on our nation! *His cup of wrath is now full!* But! God's judgment IS His mercy, *shaking us* incrementally warning a people on a self destructive course - to reveal His great LOVE so they will turn to Him for life and hope.

One way we know the End is near is that the entire world is in chaos! Those major changes that have occurred in society mean - Your life is going to change this year.

A U.S. treaty in 2015 with the UN calls for confiscation of guns. If that ever occurs, you'd better know that there are patriots who won't ever surrender to that demand! Then, there will be blood....

Our nation is being absorbed into the United Nations, so their soldiers will police the U.S. under Martial Law ('to suspend the law.')

Recent laws + Exec Orders have facilitated that NWO & Martial law is already here.

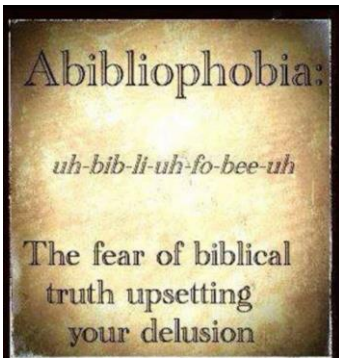

It **only** must be declared!

Someone said the most dangerous place in the world is a mother's womb! Abortion. There's another dangerous place. Church. The Great Falling Away has begun in the church! So many lies - entire denominations carrying folks to hell. But...where better to hide deception?

Corrie ten Boom was one who deeply respected customs 5 and doctrinal differences, so she did not speak of controversy often. But she wrote about it in one of her many books. It's a new season, so I tell you...Corrie ten Boom spoke in tongues!

Why do I mention this? Corrie was 'empowered' to endure the suffering that made her famous, & to take her message of Love to the world, an apostle who formed 100+ churches worldwide. **We** need guidance to even to **find** God's lovers of truth! 6

Don't resist God's good gifts 7 You need **power** to thrive & survive coming events! Read how this is a **secondary** experience in Acts! God is Love. But you won't find the word 'love' in Acts. **It's about POWER.** God didn't confuse that issue!

No one who abides in Him keeps on sinning; no one who keeps on sinning has either seen or known Him.
1 John 3:6

Nothing is impossible, the word itself says, "I'm possible"

The things you take for granted someone else is praying for...

Oftentimes, people's knowledge of scripture is hindered by a lack of understanding of the context. That's especially true of the Old Testament, excepting the Psalms and Proverbs. It's usually better to use the New Testament as a base until a better understanding comes.

What's your view of the Bible? Is it a textbook, as some seminary students see it? Or is it the revealed mind of our Creator to us, His people, containing inspiration and guidance?

It helps to know that much of the Old Testament is a theocracy, a very different animal than what we know in a democracy.

Under that form of gov't, their law was *civil, ceremonial and moral*. The ceremonial taught people

how to be in communication with God and to receive needed forgiveness. All this pointed to the coming of Jesus, abolishing sin, only requiring **faith** in Him then.⁸

Civil law determined who owned the calf if a neighbor's bull got out and bred your cow. Or matters of disagreement between people about money or public policy. Or dietary practices to prevent the spread of diseases.

Moral law ascertained marriage partners when one dies, divorce procedures, adultery, etc.

Today we have manmade laws that determine these... unless you're speaking of NYC where public urinating in the street is now permitted! We've entered a state of lawlessness, which'll prevail until the antichrist manifests – the man of lawlessness.

Another bothersome point is how it's possible that such a diverse people can have 'unity' in the New Testament? Well there is latitude in that.

There are core principles that we must embrace to be a part of the body of Christ, no compromises permitted, like:

1. The Holiness of God.
2. The Sinfulness of man.
3. The Grace of God.
4. The Deity of Christ.
5. Saving Faith in God

This is it...? Yes. Those who reject these are deemed 'cults'. But, other Bible doctrines leave *room for disagreement*. Our salvation does not depend on these – how to water baptise, the gifts, speaking in tongues, laying on of hands, healing – you are **free** to stay sick & powerless if you wish! But faith can heal. *Without* faith, it's impossible to please God.

Who is Ashley... Do You Know Her?

Dear Agatha: I am heartsick. I'm a Christian man in my 40's, and last year, my very famous pastor of a huge Florida church was revealed to be a member of Ashley Madison. I have to say I've learned so much from this man – I love him – but now I'm so disillusioned along with everyone else about it all. He's gone and now divorced. Can you address this? **Ted.**

Dear Ted: Yes, I'm familiar with your pastor, Ted. Ashley Madison is a not a person, but a website whereby people looking to hook up with a sexual partner can do so. Their site was hacked last year and thereby, many members' names revealed.

I know disappointment well. I lived with it many years. Yet when it is someone we know & look up

to, it brings despair to all.

Pornography's the threshold to this site, after the devil's initiation convincing people porn is anonymous and victimless. It isn't. It makes those who practice it LIARS and HYPOCRITES, and divorcees! It is fornication.

People who dabble in this can't carry God's anointing in their life, nor do they have their prayers answered!⁹

Pornography is a HUGE problem—in churches! Per **crosswalk.com**, up to half of men in churches, including pastors view porn regularly! It's safe; It's anonymous. Not!

A man stole my credit card once, using it to join two porn sites in Europe. I myself traced him down to *name and email!* No one ever thinks it's a problem in *their* church!

Chuck Swindoll said: "The most recent studies available suggest that one out of every two people—that's 50 percent of the people sitting in our pews, are looking at and/or could be addicted to Internet pornography"

Ted, it may be that God is leading YOU to have a voice in this matter. Get onto blazinggrace.org for more info. Your former pastor needs mercy, and possibly a friend. Drop him a card to show you care & are praying. He's broken & bleeding... One of salvation's meanings is *wholeness*. Pray that for him.

This is truly an addiction to those entrapped in it. Too few men are transparent enough to speak of it too. God needs voices here. Your life has been bruised by this issue. Be available to follow God in this matter. He will lead you...

"Believer, you have been radically changed and your life has been placed, by God's grace, on solid rock."
