## WHO is Holding Back the Darkness...?

Are you passive..? Just being a good citizen? Just living life.

Have you thought *why* you are *here*, at all? We live in a society that glorifies education, wealth and productivity. Because love of money is the root of **ALL** evil.<sup>2</sup> Following money leads to wickedness at the end.

Did you know you have a map outlining your life? The holy scriptures say that, in both the Old and New Testament.<sup>3</sup> You have to seek His will to get that map...

Don't look to the past! It is misleading and you cannot make progress.

*"Remember not the former things, nor consider the things of old....?"*<sup>4</sup>

You are born innocent to God when you are born. Then you grow up and make poor choices, due to abuse in the home or life itself. But its very often an effect of hanging around the wrong crowd!

Scripture says, "Don't be **deceived**. Bad company corrupts good morals."<sup>5</sup> I always say – "Every time!" Show me your friends, & I will show you your *future*...

You are born under a curse to die, if you are not born again. You don't have to die if you choose God's terms.<sup>6</sup> You can be with your loved ones in Heaven... *if they are there too!*

It's part of your map, to get your loved ones *saved & born again*.

Even Samuel, a great prophet and judge in the Old Testament lived a righteous life and God

Approved of him, but he had two sons who were evil.<sup>7</sup> He could not direct them from greed and lust! It was *their choice* and evil darkness won out.

*WHO is holding back the darkness...* I came across a pamphlet this week who is doing just this, holding back the darkness. It said this:

"Strong forces are using the weight of gov't & social *agendas* in an attempt to silence, shame, & intimidate people of faith under the threat of lawsuits, lost livelihoods, & appropriating a host of other rights & liberties. Life, our most fundamental right, continues to be assaulted under the false flag of 'choice' ...Each generation is targeted-thru education court maneuvers, regulations & every other coercive means available to our opponents." *The Nat'l Center for Life & Liberty* in Largo.

"The 1<sup>st</sup> thing we need to do is to be honest with ourselves. We are not what we say or believe we are. Rather than setting the standard or for acting as a light, we are part of the problem. **If** there are so many Christians in this nation *as they proclaim to be*, this corruption could not survive without our approval!"<sup>8</sup>

We must imitate the disciples, who were *very* human. They feared & doubted.. Jesus said they needed to "grow in faith" thru the word as we do also.<sup>7</sup>

Did you know that even Porn is a problem in churches? People think they can view porn without becoming addicted. A famous preacher spoke about his addiction to porn outlining the enormity of the problem, and the negative impact on families.

What can the average citizen do to hold back the careening Darkness and be a **Light**? What can YOU do? Focus on the good things of life!

STOP accepting all y our politicians, movie stars, scientists leaders, attorneys, scientists & educators tell you...

Exercise YOUR BRAIN  
THINK FOR YOURSELF!

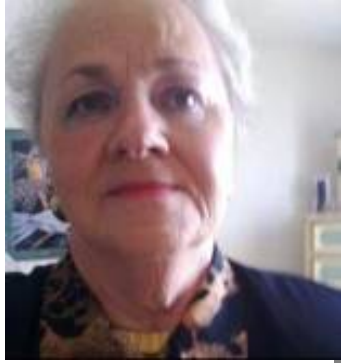

"Has your gut not told you –many times- *that isn't right?* Yet, because the rest of the nation seems to accept it, you just dismiss that "gut feeling" and go on with your life. Not only can you do something- you *must* - if you don't want to be a part of the careening darkness, enveloping our nation!"<sup>8</sup>

Stop letting others define your quality of life, and start to develop a backbone. Step out of the HERD. Scripture describes Christians as warriors in a **war** between light & darkness! Have you enlisted yet? Will you be taken a prisoner, unwittingly?

Don't trust "Well, this is a different day, & we know so much now ... **8** ..." Principles Matter!

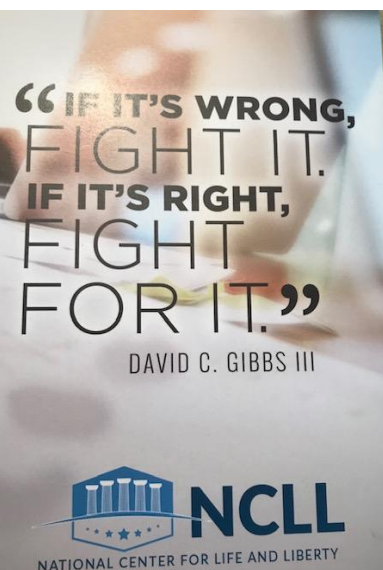

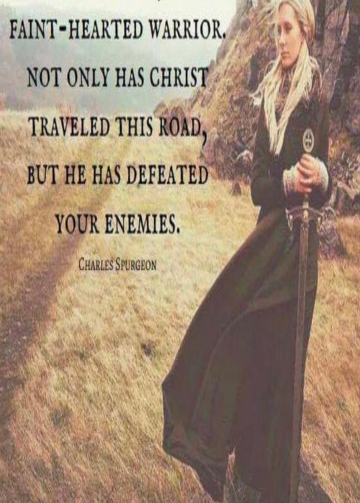

See the backside on on **what you can do!**

# How to Develop Roots & Wings

Cont. Pg 2

I read an article about Jewish mothers, how they teach their children to cope with life - *roots & wings!* It's the ability to flow & have the strength to rise above troubles in life.

It made an impression on me...

We need roots in life (a world view that's based on **principles**) and wings to rise above crises in your life, with *confidence*. This word means 'with fidelity' or *faith*.

God is a rewarder of doing right...

**"For it is the will of God that by doing right, you will put to silence the ignorance of foolish men."** 9

Choose to do what's right and true. **Today.** It is very late now... If we don't save liberty in this nation **now**, we are just one generation-or months from losing it completely. No nation has existed over 200 years. USA is 260 years old... but we are not invincible!

What are you **here** for?!? Just a User or Taker... Just hoping for the best to come? If you don't put feet to your faith, persecution is coming to conservatives in your lifetime, Dear Ones -Re-education camps, prisons, more lawsuits, confiscation of private property - like China has **now!** I'm speaking like a Jewish Grandmother.

It all depends what America does... We have been the Light of the world for generations, and people are still flocking here - in spite of the negativity hurled by critics of this nation.

It's *past* time to teach children how to live meaningful lives! **10** They lowered the grades for teachers in 80's to grade C to enter the profession. These same teachers are now administrators over decades ....

*dumber than a majority of students!*

Then students who asked too many questions were labeled *mavericks* and told to sit down and shut up...!

I was a best friend with a professor at IU in 80's...a teacher of *teachers*. I traveled with her to observe them & learned about the teaching profession.

Since then, many teachers & professors stopped challenging their **minds!**

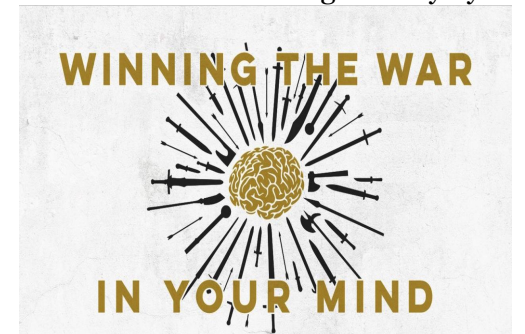

So we have 70 million millenials and 25 million of them embrace socialism. We discovered that most donors who supported Bernie Sanders, a socialist, were *teachers!* Socialism has never worked ....anywhere in the world.!

Every time fascists & communists want to take over a nation - they first twist the **minds** of the *children!*

I heard an interview where 70% of youth, age 17 to 35 years old, can't identify WWII enemies- they thought we fought with Russia! They also could not identify Churchill or Roosevelt or Mussolini. We've let the liberals change history and we stood silently by, occupied with life.

We must win the minds of our children. Most importantly, we have to win over our own **mind**. *Be transformed & renewed in your mind.* **11**

We are **still** standing 'silently by'.

## Thoughts – By Nancy Grav, Editor

**Be What You Are, Salt & Light...It's About People**

*"There's a cost to stand. But there's a greater cost if we don't stand."*

Barronelle Stutzman, Florist

"To be effective in any cause, you have to work outside of the normal channels and use publicity.... Picket those groups or that have stolen our rights to serve God, our children's innocence & are spearheading Satan's advance. Call the newspapers, tv stations Learn to be *visible*. We *did* this in Round Lake neighborhood in St. Petersburg. It was very effective and rallied the neighbors together. You need to meet with neighbors to talk about solutions affecting our communities and neighborhoods." **8** *Bloom where you've been planted.*

- Start a letter writing campaign
- Hold rallies for rightness and God
- Get out in your streets & know what is going on in your neighborhood.
- Start a public bicycle ride in your community to fight crime. Be visible.
